DuPont Refinish

More than just paint ...

DuPont Refinish

More than just paint ...

Lifetime Warranty

Together we guarantee your professional quality

The Lifetime Warranty by DuPont Refinish is a boost to your bodyshop, putting the full weight of the world's leading refinish paint producer behind your offer to your customers. Even if your operations aren't that large, your customers will be attracted and reassured by this solid guarantee of quality and durability.

The Lifetime Warranty lives up to its name by lasting the lifetime of a repaired vehicle, being offered to private car owners as well as local car dealers and fleet operators. Backed by DuPont Refinish, the Lifetime Warranty is a serious endorsement of your workmanship and professional reputation.

Your customers can be certain of getting the best quality, since the Lifetime Warranty applies to proven DuPont Refinish products and repair processes. Because the Warranty requires a yearly inspection, and applies to an individual vehicle instead of its owner, the programme offers regular opportunities to meet your customers again and repeat sales.

Included in the Lifetime Warranty package is your participation sign and a comprehensive set of advertising materials, as well as all documents for efficient administration. Show customers what you're worth by joining today!
